

How to Submit Items for Future Food List Consideration

Specific foods are selected for use in the Montana WIC Program through review by a panel of individuals using evaluation criteria based on federal regulations, availability, packaging, cost, product acceptability, marketing approval and nutritive value. Food items are reviewed every two years.

To submit a food item for review, please send the product information and packaging label to Chris Fogelman's attention at the address below or cfogelman@mt.gov. The items will be reviewed for addition to the 2013 Food List and need to be submitted by October 1, 2012.
